ARTICLE II: ATTENDANCE

ATTENDANCE POLICY

HB 2692 requires school district attendance officers to notify the Department of Public Safety when a child under 18 withdraws from school through an enrollment status form, unless the student is withdrawn due to circumstances beyond his/her control, a lawful excuse, transfer to another school or home schooled as confirmed in writing from the parent or guardian.

A student is only allowed to miss ten (10) class periods, whether excused or unexcused/absent without valid excuse, in one semester (with the exception of school related absences). Eleven (11) or more absences, whether excused or unexcused/absent without a valid excuse, will result in loss of credit for the class. Missing 20 minutes or more – whether the beginning, middle, or end – of a class is considered an absence.

A. Types of Absences

   Regular attendance is an integral part of the learning process.

   1. Excused Absence – Counts against attendance for credit but allows student to make-up work. Parents must contact the school within 48 hours of absence.

   2. Exempt Absence – Does not count against the required attendance for credit.

      (a) Medical verification for absence against the required attendance for credit

      (b) School Activity

      (c) Religious holiday (requires parent verification)

      (d) College visit with prior written arrangement through counselor and verification upon return

      (e) Death of immediate family member

   3. Unexcused Absence – A result of no parental contact or truancy. Work may be made up for no credit and absences count toward required attendance for credit.

B. Reporting an Absence

To excuse an absence a parent needs to call the general attendance line 492-3670 or the specific voice mail within 48 hours of the absence and include student name and reason for absence.

C. Checking In/Out

Students leaving school before regular dismissal time MUST check out through the appropriate Attendance Secretary before leaving campus. Parent contact with the office will be necessary BEFORE a student is
cleared to leave. Students who are 18 years old CANNOT check themselves out of school. Students also CANNOT check themselves out for lunch. Parents CANNOT call and check their child out for lunch. They have to physically come sign the student out.

No student should leave school without a check-out pass from the Attendance Secretary. Any absences without permission are unexcused and may result in disciplinary action. A student leaving campus without prior approval from the office WILL NOT BE EXCUSED AFTER THE FACT.

Students may be checked out by a parent to go and eat lunch. The parent must physically come to the office to check out their student. No notes or phone calls will be accepted for check-out during lunch. Grandparents, brothers or sisters are not allowed to check students out for lunch unless they can show proof of guardianship. Students who leave and return to school the same day must check in with the appropriate Attendance Secretary upon returning.

D. Truancy

Student absent without valid excuse

Examples of absences without valid excuse:

1. Being absent for any reason not listed as an excused absence.
2. Leaving school without first checking out at the attendance office.
3. Being ill and staying in the restroom instead of checking in with the nurse or office.
4. Coming to school, but failing to attend class.
5. Obtaining a hall pass to a particular destination, then not reporting there and back.
6. Late arrival or non-attendance due to car trouble.
7. Being in an unauthorized area will be considered truant (being in the parking lots, off campus, and other areas designated as off limits).

A letter will be sent from the site attendance officer to the parent upon the third (3) unexcused absence in a four week period. The letter will state the number of excused absences and the number of unexcused absences and will inform the parent that he/she must contact the school concerning these absences or return the signed Affidavit of Understanding. Additional unexcused absences will be reported to the appropriate juvenile authority. If a child is absent without valid excuse four (4) or more days or parts of days within a four week period or is absent without valid excuse for ten (10) or more days or parts of days within a semester,
the attendance officer shall notify the parent, guardian or custodian of the child and immediately report such absences to the district attorney in the county wherein the school is located for juvenile proceedings pursuant to Title 10 of the Oklahoma statutes. (Reference: 70O.S. 10-106)

**Consequences:**
- 1st offense: 5 days AISP
- 2nd offense: 10 days AISP
- 3rd offense: 15 days AISP

**E. Tardy**
You are tardy if you are not in the classroom when the tardy bell rings. Tardies will be documented by teachers. Excessive tardies will result in AISP. Consequences of unexpected tardies are (per semester).
- 4th unexcused tardy: Lunch Detention
- 5th unexcused tardy: Full Lunch Detention
- 6th unexcused tardy: 2 days AISP
- 7th unexcused tardy: 3 days AISP
- 8th unexcused tardy: 5 days AISP

**F. Tardy Roundup & ID Badge Roundup**
In an effort to promote students being on time to class, roundup will be periodically used to ensure that students are getting to class on time. The administration will notify the teachers that the roundup is going to occur, and any student who is late will be rounded up and given a lunch detention. This infraction will not count against them on the point system.

**G. Loss of Credit Due to Absences**
In grades 9-12 a student must be present 90% of the semester in each class in order to receive credit for that class. All absences, excused or unexcused, will be counted toward loss of credit with the exception of the following: illness confirmed by physician, religious holidays, suspension, death of immediate family member and school activity absences (including college visits). A doctor’s note must be provided within a week (five school days) of the absence. It will not be accepted after that time and the illness absence will count against the student toward the loss of credit in those classes.

If a student is absent from a class more than 10% of the semester, an “F” will be recorded if that was the grade earned; if the student would have earned a passing grade, an “NC” will be recorded. In case of extenuating circumstances, the principal or designee will make the final decision.
H. Ten-Day Activity Absence Policy
The State Board of Education encourages students to be in attendance in their regularly scheduled classes so that maximum learning can occur. Educational programs are built on the foundation of continuity of instruction and participation in the classroom setting. The Ten-Day Activity Regulation will apply to activities which require students to miss one or more class periods. Activities which require students to miss less than one class period are not considered activity absences. Exceptions to the Ten-Day Activity Regulation will include only state mandated programs which require differentiated instructions such as the Gifted and Talented program.

Guidelines for Extension of the Ten-Day Absence Regulation:

1. The number of activity absences beyond the 10-day limit must not exceed five (5) additional activity absences.
2. A student must have a 2.0 G.P.A. from the previous grading period with no F’s in order to qualify for an extension of activity absences.
3. Student accounting will maintain a list of the students who accumulate activity absences in any class period. Students may inquire about activity absences at any time.
4. Teachers may deny request for additional activity absences beyond the 10 days if a student does not have a C average in the class on the date of the request.

Emergency Extensions

1. The superintendent or his representative is empowered to grant emergency extension of an additional five (5) days.
2. Individual appeals to the superintendent will be evaluated on the basis of the student’s current academic performance and attendance record.
3. All appeals will go through the principal to the superintendent.

ARTICLE III: STUDENT BEHAVIORAL EXPECTATIONS/ DISCIPLINE

Discipline Policy – Point System
In order to maintain a highly conducive atmosphere for learning to take place, discipline must be at the forefront. In order to maintain this structure it is sometimes necessary to discipline a student. The belief is that if the student is disciplined then they will refrain from that undesired behavior. In certain cases, students fall short of the expectation, and they should be held accountable for their actions and repeat offenders will not be encouraged.
The virtues of respect, responsibility, punctuality and readiness are all ones that will serve the student well in their endeavors after High School.

The point system that will be in place will accumulate by semester.

**Point System**

**Infraction:**

1. **1st point** – Detention  
2. **2nd point** – Detention  
3. **3rd point** – Detention  
4. **4th point** – Full Lunch Detention  
5. **5th point** – Full Lunch Detention  
6. **6th point** – 1 Day of AISP  
7. **7th point** – 3 Days of AISP  
8. **8th point** – 5 Days of AISP  
9. **9th point** – 3 Day of Out of School Suspension  
10. **10th point** – 5 Days of Out of School Suspension

**A. Disciplinary Procedures**

Development of good discipline is one of the most important goals of education. Discipline is the development of self-control, character, and proper consideration for other people. Understanding the purpose of discipline in school facilitates the formation of positive attitudes and assists the student in doing his/her part to make himself/herself a better person and the school a better place.

So that Elgin High School can maintain the best learning environment possible, the administration and faculty have expectations of the students. Those expectations are:

1. **Appropriate school behavior** – Classroom behavior that assures the right of every student to learn and the right of every teacher to teach. Appropriate out-of-classroom behavior demonstrates respect for the personal and property rights of other students, faculty and staff.
2. **Arrival at school and to class on time.**
3. **Daily school and class attendance.**
4. **Appropriate use and care of the building and facilities of the school.**
5. **Cooperation with the school staff as they attempt to meet the varied educational needs of all students.**
6. **Adherence to acceptable standards of courtesy, decency and morality and compliance with provisions of civil law.**

Failure to meet the above expectations will result in specified consequences for various infractions plus loss of privileges.
Control and Discipline Policy
The school’s primary goal is to educate, not discipline. However, when the behavior of an individual student comes in conflict with the rights of others, corrective actions are necessary for the benefit of the individual and of the school.

Oklahoma State Law (70-6-114) gives the teacher the same rights as a parent to control and discipline such child according to local policies. However, every possible incident cannot be spelled out. Therefore, teachers may discipline or control incidents that may arise, in a responsible manner that they deem necessary at the time the child is in attendance, in transit to or from the school, or any other school function authorized by the school district. Students who are seen in the office for an excessive number of disciplinary referrals will lose all privileges (off-campus, school functions, banquets/prom, ball games, stock show, etc.). The following schedule is an aid to them in control and discipline.

Infractions:
- Unexcused tardiness
- Disruption of class or assembly
- Lunchroom misconduct
- Bus/playground misconduct – skateboards are not allowed on campus
- Negligence in completing class work
- Cutting class
- Leaving school or classroom without permission
- Absent without valid excuse
- Tobacco on school grounds. Possession of simulated tobacco products by a minor is a misdemeanor and will be reported to law enforcement. Students in possession of tobacco, use, or simulated tobacco products will receive:
  a. First Offense: 5 days AISP
  b. Second Offense: 10 days AISP
  c. Third Offense: 15 days AISP
- Theft: unauthorized possession of any item not belonging to the student. Consequences:
  a. First Offense: 10 days AISP
  b. Second Offense: 20 days AISP
  c. Third Offense: 30 days AISP
- Assault – physical or verbal. Assault – intentional creation of a reasonable apprehension in the mind of the victim of imminent bodily harm. Includes verbal threats. Assault and battery – Battery – offensive, uncontested touching of another’s person. Includes fighting, throwing objects, etc.
Students who commit assault or battery/fighting will receive:
a. First Offense: 10 days AISP  
b. Second Offense: 20 days AISP  
c. Third Offense: 10 days suspension
Students are considered fighting when they are hitting, kicking, biting, etc. (no matter who throws the first punch, start the mouthing, or threatening, a claim of self-defense in the use of force will not exempt a student from discipline). The police department will be called and the students who are fighting will be placed in their custody.

• Destruction of property/vandalism – Elgin Public Schools will recover damages from any parent or parents of any students under the age of 18 who vandalize or destroy school property. Students will be disciplined accordingly.
• Other Offenses – possession of deadly weapons, use of drugs or alcohol (including 3.2 beer/wine coolers), possession of drugs, distribution of drugs or imitation drugs or alcohol (presenting an item as a drug). The police department will be called and the students who are in possession will be placed in their custody and charges filed.
• Distribution of obscene materials, obscene language, action, etc.
• Refusal to obey school officials.

Disciplinary Actions Alternatives:
• Warn students
• Remove from class or group (temporary or permanent).
• Parental Conference
• Full Lunch Detention
• Financial Restitution
• Involve law enforcement
• Refer to other social agencies
• Lunch Detention
• Alternative in-school placement
• Suspension
• Any other disciplinary action deemed appropriate under the circumstances.
Administrators shall have the authority to enforce other reasonable disciplinary action which they find warranted by situation not covered in the disciplinary policy schedule. Students, who have been suspended or are on disciplinary referral, will not be allowed to attend school functions, activities or leave campus.

C. Eligibility Rules
Section I
Semester Grades

1. A student must have received a passing grade in any five subjects counted for graduation that he/she was enrolled in during the last semester he/she attended fifteen or more days. (This requirement would be five school credits for the 7th and 8th grade students).

2. A student must maintain a ninety percent (90%) attendance record.

3. A student who does not meet the minimum scholastic standard; will not be eligible to participate during the first six weeks of the next semester they attend.

4. A student who does not meet the above minimum scholastic standard may regain his/her eligibility by achieving passing grades in all subjects he/she is enrolled in at the end of the six-week period.
5. Pupils enrolled for the first time must comply with the same requirements of eligibility. The passing grades required for the preceding semester should be obtained from the records in the school last attended.

Section II

Student Eligibility During a Semester
1. Scholastic eligibility for students will be checked at the end of the third week of a semester and each succeeding week thereafter.
2. A student must be passing in all subjects he/she is enrolled in during a semester. If a student is not passing all subjects enrolled in at the end of the week, they will be placed on probation for the next one-week period. If a student is still failing one or more classes at the end of the probationary one-week period, they will be ineligible to participate during the next one-week period. The ineligibility periods will begin on Monday and end on Sunday.
3. A student who has lost eligibility under this provision must be passing all subjects in order to regain eligibility under rule three with the first class of the new one-week period (Monday through Sunday).
4. “Passing grade” means work of such character that credit would be entered on the records.

Section III

Special Provisions
1. A 12th grade student may maintain eligibility if he/she is passing the classes required for graduation. The number of classes can be no less than four. A 12th grade student who is concurrently enrolled in high school and college may use the college courses to meet the minimum number of four subjects needed to maintain eligibility. These may be a combination of high school and college subjects equivalent to four high school units which are accepted by the Oklahoma State Department of Education (physical education and athletics cannot be included in the four requirements).
2. An ineligible student who changes schools during a semester will not be eligible at the new school for a minimum period of three weeks. A student may regain his/her eligibility by achieving the scholastic standard in Rule 3, Section 2-b at the end of the three-week period.
3. Incomplete grades will be considered to be the same as failing grades in determining scholastic eligibility. School administrators are authorized to make an exception to this provision (Rule 3, Section 3-c) if the incomplete grade was caused by an unavoidable hardship. (Example of such hardships would be illness, injury, death in family and natural disaster.) (Board policy allows a
maximum of two weeks to apply to this exception.)

4. One summer school credit earned in an Oklahoma State Department of Education accredited program may be used to meet the requirements of Rule 3, Section 1-a, for the end of the spring semester.

5. School may choose to run eligibility checks on any day of the week. The period of ineligibility will always begin the Monday following the day eligibility is checked.

Section IV

Special Education

Students who are enrolled in special education classes, have an individual education plan and have been certified by the principal as doing a quality of work may, with the approval of the Board of Directors, be accepted as eligible under this rule.

D. Classes Failed or Receiving No Credit and Incomplete Grades

All required classes failed or receiving no credit in grades 9-12 must be made up. Required classes that are failed or receive no credit in 9, 10, 11 and 12 will be made up at the earliest possible convenience. Credits will be given by semester. (Not by an average of first and second semester or passing second semester.)

Students having incomplete grades at the end of a grading period, either 9-weeks or semester, will have two weeks to complete all make-up work before the final grades are calculated. This policy includes all students in regular attendance, as well as those students receiving homebound instruction. At the direction of the principal, an exception to this policy could be made for the following reasons:

1. Should a student be hospitalized, unable to do school work for more than two weeks just prior to the end of a grading period and/or,
2. Should a student be recuperating at home under a doctor’s care, unable to do school work for more than two weeks just prior to the end of a grading period.

E. Classification

In order to be classified as a sophomore, a student must have attained six (6) credits; to be classified as a junior, a student must have attained twelve (12) credits; and to be classified as a senior, a student must have attained eighteen (18) credits.

F. Homebound

Homebound instruction is available for a student who is absent for more than two consecutive weeks due to an accident or illness. Homebound applications are available from the school counselor and require a letter of recommendation from a medical doctor.
G. Graduation Requirements
Students will be required to complete 23 units of credit in order to graduate from Elgin High School. One semester equals 1/2 unit of credit. Senate Bill 982 was passed by the Oklahoma Legislature and signed into law by Governor Henry on June 7, 2005. The law requires all incoming ninth grade students to complete the college preparatory curriculum in SB 982, unless the student’s parent or legal guardian approves the student to enroll in the existing state high school graduation requirements. Successful completion of either curriculum will result in accomplishment of a standard diploma. Students must be within one credit of completing his/her graduation requirements to participate in the graduation ceremonies.

Graduation Requirements:
4 units – English.
3 units – Math (limited to Algebra I, Algebra II, Geometry, Trigonometry, Algebra III/Trigonometry, Advanced Placement Calculus or any mathematics course with content and/or rigor above Algebra I and approved for college admissions requirements).
3 units – Lab Science.
3 units – Social Studies – American History (1), World History (1), Government (.5), Oklahoma History (.5) *Government can be taken as dual credit at Cameron University.
2 units – Foreign Language/Computer Technology* (must complete two units of the same foreign language or two units of computer programming, hardware, business computer applications, such as word processing, databases, spreadsheets, and graphics, excluding keyboarding or typing courses. Approved for college admission requirements whether taught at a high school or a technology center school.
1 unit of Fine Arts or Speech – Music, Art, Drama or Speech.
6 units – Other – Selected from courses listed above or career and technology education courses approved for college admission requirements.

For seniors graduating from Elgin High School during the 2016-17 school year, in order to earn a High School Diploma, they must have met the Federal Guidelines for Assessments. This is in addition to the required coursework, and it replaces the former policy in which students must pass 4 End of Instruction (EOI) exams. Federal requirements are to have taken an assessment in math, science and language arts at least one time in grades 10-12. Students may meet this requirement by taking any nationally or state recognized test in these subject areas. No minimum score is required; the tests must be documented in the student’s permanent record. Examples of acceptable testing includes: an ACT exam, College Board SAT, PSAT or Advanced Placement (AP) exam, Oklahoma End of Instruction (EOI) exams, any state level assessment
or nationally recognized assessment. If there is a question about the acceptability of the test, the high school principal will have the final decision as to whether the test meets the graduation requirement.

H. Outside Credits
Students may earn credit for graduation outside Elgin High School through:

1. Summer School – accredited by the Oklahoma State Department of Education.
2. Correspondence or on-line courses from State accredited institutions.
3. Summer Tech Center programs.
4. Proficiency examination, given twice annually by the district.

Information for all programs is available from the school counselor.

I. Homework/Make-Up Work
In the event that a student is absent from school, for any reason, they will be given the number of days they were absent plus one to complete all assignments for the classes in which they were absent. These absences include being absent for school activities, illnesses, etc. However, a student on short term suspension will not fall under this policy. It is the student’s responsibility to initiate make-up scheduling with his/her teachers for missed work and tests.

Homework may be requested by the parent or the student when absent; this practice would be recommended so that the student does not get behind in his/her classes. To request make up work, please call the office, and a form will be sent around to the teachers to gather the assignments for the requested days. Even though the student or parent requests make up work early, the student still falls under the “number of days” rule. A student will not be penalized for attempting to request work while absent. The “number of days” rule will go into effect upon his/her return to school.

Projects, reports, and tests which are known prior to an excused absence are expected to be turned in and/or taken upon the student’s return to school. Exceptions may be granted due to the extent and/or nature of the absence or the specific class work missed. Students are encouraged to communicate with their teachers about these situations.

J. Honor Roll
Students making all A’s in a semester period shall be placed on the Superintendent’s Honor Roll. Students making A’s and B’s in a semester grading period shall be placed on the Principal’s Honor Roll. The following subjects will not be counted toward honor roll eligibility: office assistant, driver’s education, teacher’s assistant, summer career tech,
library assistant, yearbook, career tech orientation and physical education classes.

**Honor Society**

National Honor Society: Admission requires a cumulative grade average of 93 percent or better (certain courses excluded). After you are admitted, your cumulative grade average is routinely checked. If it falls below 93 percent at any time, you are put on probation for the following semester. If at the end of that probationary period your average is at or above 93 percent you are taken off probation. If it is still below 93 percent, you are dropped from membership and can never be readmitted. Students in grades 7-8, who are dropped from membership of the National Junior High Honor Society, may be admitted to the National High School Honor Society during grades 9-12 if their average once again reaches 93 percent. All students must follow the NHS Code of Ethics or they will be dropped from membership and will never be readmitted.

**Oklahoma Honor Society**

Students in the academic top 10 percent of the Middle School and students in the academic top 10 percent of the High School are admitted to membership each spring in the Oklahoma Honor Society.

**K. Proficiency Based Promotion**

1. Upon the request of a student, parent, guardian or educator, a student will be given the opportunity to demonstrate proficiency in one or more areas of the core curriculum.
   i. Proficiency will be demonstrated by assessment or evaluation appropriate to the curriculum area, for example: portfolio, criterion-referenced test, thesis, project product or performance. Proficiency in all laboratory sciences will require that students are able to perform relevant laboratory techniques.

   i. The school will confer with parents in making such promotion/acceleration decisions. Such factors as social and mental growth should be considered.
   ii. If the parent or guardian requests promotion/acceleration contrary to the recommendation of school personnel, the parent or guardian shall sign a written statement to that effect. This statement shall be included in the permanent record of the student.
   iii. Failure to demonstrate proficiency will not be noted on the transcript.
   iv. Students must progress through a curriculum area in a sequential manner. Elementary, middle level or high school students may demonstrate proficiency and advance to the next level in a curriculum area.
   v. If proficiency is demonstrated in a 9-12 curriculum area, appropriate notation will be placed on the high school transcript. The unit shall count toward meeting the requirements for the high school diploma. The proficiency test/performance score will be recorded on the cumulative record as the course grade.
   vi. Units earned through proficiency assessment will be transferable with students among school districts within the state of Oklahoma.

3. Proficiency assessment will measure mastery of the priority academic student skills in the same way that curriculum and instruction is focused on the priority academic student skills. In other words, assessment will be aligned with curriculum and instruction.

4. Options for accommodating student needs for advancement after they have demonstrated proficiency may include, but are not limited to, the following:
   i. Individualized instruction
ii. Correspondence courses  
iii. Independent study  
iv. Concurrent enrollment  
v. Cross-grade grouping  
vi. Cluster grouping  
vii. Grade/course advancement  
viii. Individualized education programs

5. Elgin School District will disseminate materials explaining the opportunities of Proficiency Based Promotion to students and parents in the district each year. 6. Appropriate notation for core curriculum area completed – appropriate notation will be made for elementary, middle level, or high school level students satisfactorily completing a 9-12 high school curriculum area. Completion will be recorded with a grade. This unit will count toward meeting the requirements for the high school diploma. The administration will write guidelines to support this policy.

L. Research Papers
Research papers will be typed and turned in on the deadline set by the classroom teacher and at no later time. The research paper will count up to 50% of the student’s nine-week grade for English. (Each teacher will determine how much the paper will count.) A zero will be given if the paper is not turned in by 3:15 p.m. on the due date. If you are out of the country or have a school activity, the paper is still due.

M. Semester Tests
Semester tests will be comprehensive in all courses. Semester tests WILL NOT be given early for any reason. Students must take each test as scheduled. Students who have an emergency must have a parent contact the school and a time will be arranged to make up the test with principal approval. Students who do not take their test at the scheduled time and do not make arrangements through the office will receive a zero on the semester test. Work, trips, leaving the state for visits, etc. are not emergencies (school activities will be handled with the teacher).

N. Course Fees
If your student is enrolled in Art I, II, III, IV, or Pottery, there will be a $25 fee for specific art supplies. This fee will need to be paid during the first week of school.

**ARTICLE VI: GUIDANCE**

**A. Counselor**

A counselor is available to assist students during the day. The counselor may assist students with career, academic and personal concerns. Students should meet with a counselor or any staff member when they feel assistance is needed.

**B. College Exams**

Most colleges and universities require either the ACT or the SAT college entrance exams. We recommend that juniors take either one at least twice during the junior year. Seniors should take the tests as many times as necessary for admission or scholarship scores. Packets for these tests are available in the counselor’s office or at the designated websites. ACT – [www.act.org](http://www.act.org) – SAT – [www.collegeboard.com](http://www.collegeboard.com)

**C. PSAT/NMSQT**

Preliminary Scholastic Aptitude Test/National Merit Semifinalist Qualifying Test (PSAT) is administered annually in October to give students an opportunity to experience a national college aptitude examination as well as to identify top students for the prestigious National Merit Scholarship Program. Juniors who sit for the PSAT/NMSQT may qualify for classification of “semi-finalist” in the National Merit Scholarship Program and will become eligible for monetary awards. Freshmen and sophomores may register to take the exam for practice, but only tests taken during the junior year are used in the scholarship competition.

**D. Concurrent College Enrollment/Dual Enrollment**

Courses comparable to state-mandated core curriculum courses taken by concurrent enrollment may be counted toward meeting the minimum graduation requirements. For example, if a student takes a government course from Cameron University, he/she may also count it as a year of high school government.

Elgin Public Schools will use the following guidelines to comply with 70 O.S. § 628.13 for any student taking classes through concurrent enrollment from a college or university:

1. Grades and credits received from the concurrent enrollment class will be posted to the high school transcript. Grades will be averaged into the GPA. Students must be aware that if they are taking a college course, the grade earned in the class will impact the student’s high school GPA and class rank.

2. High school class schedules will be adjusted as follows:
a. 1 concurrent class – the student must take 4 classes at Elgin
b. 2 concurrent classes – the student must take 3 classes at Elgin
c. 3 concurrent classes – the student must take 2 classes at Elgin

3. Attendance and Withdrawals of the concurrent enrollment class will be handled as follows:
   a. Student’s reported as a “No Show” for a concurrent class will need to immediately report to their high school counselor to get the appropriate classes scheduled into their high school schedule.
   b. Student’s that drop their concurrent enrollment class will need to immediately report to their high school counselor to get the appropriate classes scheduled into their high school schedule.
      i. If a student drops a class within the first 10 days of the semester, they will be enrolled in the appropriate number of courses at the high school for full credit. If the student drops the concurrent class after the first 10 days of the semester, they will be enrolled in the appropriate number of courses at Elgin for no credit. The principal has the discretion to consider exceptions to this rule.

Furthermore, if a student does not pass a college course he/she may not meet the high school requirements for graduation. Letter grades will be transcribed as follows: A=95, B=85, C=75, D=67, F=64. Clep grades will be posted as a 92% (passing assigned by College Board).

****Students must complete the Concurrent Enrollment Agreement form before enrolling in a college or university. This form must be returned to the principal.

E. Early Graduation
Although it is recommended that students spend four full years in high school, student may graduate upon completion of requirements. Students should meet with the counselor during their 10th grade year if they are considering this option.

F. Letters of Recommendation
Colleges, universities and trade/technical schools often require a letter of recommendation. The procedure to acquire a written recommendation is as follows:
   a. Check your application for the due date. In order to write a proper recommendation, you must allow your counselor or other school personnel three weeks for its completion.
   b. Get a Recommendation Request from the counselor or have a resume prepared to give the recommender.
   c. Your due date may not be met unless the three (3) weeks notice is given.

   Students should begin investigating post high school programs as early as their freshman year. By doing so, a student can give direction to his/her high school curriculum. Scholarship opportunities are available as early as the freshman year but primarily in the fall of the senior year.

Students will not be allowed to switch classes after the 1\textsuperscript{st} 10 days of school each semester. Students will be required to complete a schedule change request form and return it to the office signed by the teachers and parents. Students will then be called in one at a time to complete their schedule change. Unnecessary changes will not be made and classes will not be overloaded to accommodate changes. Once the signed form is received in the office the change is final if changes were necessary. Schedules will not be changed because of a teacher. If the form is not returned, signed, the change will not be processed. There are no guarantees that schedules will be changed.

ARTICLE VII: STUDENT LIFE

Prom ticket prices are $25 per student. Ticket prices will increase to $50 per student the week of prom. Prom tickets will go on sale a month before the date of the prom.
- Students who drop out of school, students who are suspended out of school, students who are NC, students who are in AISP for drugs, alcohol or weapons, will not be allowed to purchase tickets to the prom or attend with a friend.
- Individuals may purchase one (1) ticket or a ticket for a couple (not 3 or 4 tickets), one or the other.
- Students who plan to bring a date from another school or someone not attending school must have their date approved by the principal.
- Prom tickets are nonrefundable (unless the student is in the hospital or an emergency has taken them out of state). All prom dates must be 9-12 grades and approved by the principal and sponsor two weeks prior to the prom. Tickets may be sold to a junior/senior with permission from the junior sponsor.
- Students must complete form provided by the school to bring a guest.
- Students must purchase their prom tickets in person.
- Guests to prom will be between the age of 15 and 20.

E. Activities Program
The activities program is designed to offer opportunities for exploring, developing and widening the student’s range of interest and to help the student develop leadership and poise. Participation in extracurricular
activities enables students to learn how to plan and work with others.

Clubs may meet during the lunch period, tutorial, the scheduled activity periods or at night. Students who want to form a new club should meet with the principal for assistance.

All clubs should have a file containing the following items: a constitution, a list of officers, a working budget and one service project in advance per semester. All projects and fund-raising activities should be scheduled in advance and listed on the school calendar in the principal’s office. Clubs must have certified teacher on site.

School organizations shall hold absences from regular classes and classroom work to a minimum. Students or groups of students participating in activities while representing the school, but away from school property, whether academic or nonacademic, must have prior approval of the school principal.

No students will be excused to attend grade school or middle school plays or programs. Students who have a brother/sister graduation may attend if the parent checks the student out at the office, not letters or phone calls. (this will count as an absence). The Elgin Board of Education subscribes to the philosophy that curricular and extracurricular activities should be mutally complimentary and enhance each other. Teachers should encourage students to participate in extracurricular programs and should plan and schedule major assignments in order to permit students to take part in such activities without jeopardizing their grades or achievement potentialities. At the same time, it is important that activities be scheduled so that they do not disrupt instruction when such can be avoided. While the following policy will furnish some measure of direction and control to participation in extracurricular activities, it is still important that additional efforts be exerted to create an attitude of concern within the school to minimize conflicts between time allocated to instruction and that approved for extracurricular events.

The Board of Education will appoint an internal activities review committee. They will be responsible for periodically reviewing; exception requests and annually review the entire activity policy. They will make recommendations to the Board of Education on any deviation to the policy. Activities covered under this policy: vocational agriculture, softball, FCCLA, band, basketball, cheerleading, speech, vocal music, volleyball, class activities, football, track, cross-country, wrestling, 4-H, yearbook, baseball, soccer, golf, weight-lifting and all clubs and organizations.

ARTICLE VIII: SAFETY PROCEDURES

A. Fire Evacuation Procedures
Three long bursts of the high school bell will signal a fire or a fire drill. One continuous long ringing of the high school bell will indicate “all clear” and buildings can be reentered. During a fire drill all other bells are to be ignored.

1. **Student Procedures**
   - At the sound of the alarm, students will form a single line in the classrooms.
   - The teacher will quickly check the exit route and move to the head of the student line.
   - The teacher will signal the students to evacuate the building following the exit procedure posted in the room.
   - The students will move quickly out of the building while maintaining a compact group.
   - The teacher, after exiting the building, will proceed directly with the students to the designated area.
   - The teacher will immediately, upon reaching the designated area, implement their procedure of accounting for all students.
   - Upon hearing the “all clear” signal, teachers should lead their students in a single line back into the classroom.

2. **Teacher’s Procedures**
   - Teachers are responsible for familiarizing themselves with the fire drill exit procedure posted in rooms where their classes are held.
   - Teachers are responsible for informing the students in each of their classes about the exit procedure for a fire drill once each nine (9) week period.
   - All teachers will identify a specific area safely away from the building (designated area) where their class will be taken upon evacuating a building during a fire or fire drill.
   - Teachers will inform the students in each class where the “designated area” is located.
   - Teachers must take their roll books when they exit the building.
   - Teachers will “actively supervise” their students and maintain an identifiable group while at the designated area.
   - Teachers should encourage silence among the students throughout the executions of the fire procedures.
   - Teachers should identify and make arrangements for the orderly evacuation of students having physical disabilities (assign students to assist, etc.).
   - Teachers, under any circumstances, should not permit a student(s) to leave the group to reenter the evacuated building.
   - Students should leave all books in the rooms. Personal items (purse, etc.) may be taken.
   - All other building occupants should evacuate the building.
according to the exit procedure posted in the room they occupy. They should move away from the building and wait for further instruction.

- **No one is to remain in a building during a fire drill.**

**B. Tornado Procedure**

When severe weather is threatening the area, administration will be in contact with the proper authorities and watching the weather via Ch. 7, KSWO and the web. When the time arises to make our way to the 3rd grade gym, we will follow these procedures.

Mr. Lopez, Mrs. Lopez, and Mrs. Pipkin will immediately go to the 3rd grade building to open the west door and receive the students in the gym. Any teacher who is on plan at this time should also go to the gym to help with students.

Teachers will go with their classes. You should take your class roster, your cell phone and your ipad. Upon arrival in the gym, classes will stay together and roll should be taken again to insure that all students are accounted for. Students will be instructed to sit, if room allows, and to keep voices down the entire time. Students should not be allowed to go to their lockers to retrieve personal items. We will need to make our way over to the safe room as quickly as possible, but as safely as possible. We won’t want to have a log jam at the doors of the 3rd grade building, but a smooth transition, since rain, hail or lightning may be occurring. We will have a specific procedure on making the move over to the building.

Once we get into the gym we will occupy the south end and the stage area. There is also a hallway ramp to the stage that can be used.

**High School Building**

We will start rooms 1-16 first; we will give specific instructions as to when you should leave your class. The first call will be for rooms 1-16; teachers will escort their classes and go together as a class. While we are moving rooms 1-16, rooms 17-38 will be on hold until instructed to go. As soon as 1-16 are on their way, we will start moving rooms 17-38. All instructions will come from the intercom. Should power be out, we will use a bull horn to make instructions in the hallways.

**Ag. Building**

A call will be made to the Ag. Building and you should proceed to the 3rd grade building as soon as you get the call.

**Field House**
A call will be made to the Field House and you should proceed to the 3rd grade building as soon as you get the call.

**Gym**

A call will be made to the Gym and you should proceed to the 3rd grade building as soon as you get the call.

If severe weather is in the forecast, coaches should have their cell phones with you and ringer on so that we can get in contact with you.

**C. Lockdown Drill Procedure**

One continuous ring for 15 seconds of the high school bell will signal a LOCKDOWN. At the signal, teachers should lock classroom door, activate their cell phones and e-mail. Students should be kept away from doors and windows. **CARE SHOULD BE TAKEN DURING LOCKDOWN PROCEDURES TO MOVE QUICKLY AND ORDERLY.**

**ARTICLE IX: ELGIN PUBLIC SCHOOL POLICIES**

**A. Communicable Disease Policy**

The principal may, if he deems it appropriate, require certification by a health officer, nurse or medical doctor, that the disease, illness or infestation is no longer in a communicable stage whereby the student could infect fellow classmates. Parents that fail to take appropriate and immediate steps to cure the student's condition so that the student may return to school are in violation of state truancy laws and it shall be the principal's duty to report the truancy case to proper authorities as required by Oklahoma school law.

**B. Acquired Immune Deficiency Syndrome (AIDS) Policy**

Whenever any employee or student has reasonable cause to believe any employee or student has the condition known as Acquired Immune Deficiency Syndrome (AIDS), that employee or student shall report that belief to the Superintendent of Schools. Whenever the Superintendent of Schools has reasonable cause to believe an employee or student has the condition known as AIDS, he/she shall do the following:

1. Contact the appropriate county and/or state health official and follow the procedures they outline.

Confront the person confidentially, if a minor then said confrontation shall include the parents of said minor, and require from that person a medical report as to whether the person has the virus condition which causes or transmits AIDS or does not have said virus or condition, from a physician of the Superintendent's choice.
a. The Superintendent may suspend the employee, with pay, or the student, with full protection of his/her rights to continue his/her education.
b. If offered, the Superintendent must accept and read a medical report from a doctor of the employee or student’s choice if it is not the same doctor chosen by the Superintendent.
c. If there is a conflict in the reports, the Superintendent should do what he/she believes is reasonable under the circumstances to conform to the reports.

3. After receipt of a positive report, the Superintendent shall immediately consult with the individual concerned, the doctor(s) involved, parents, one person of the choice of the individual concerned, one person of the Superintendent’s selection, and any person recommended by the County and/or State Health Department.

4. At this consultation, all parties will have adequate time to present their views and evidence.

The school administration shall provide the student with an education plan designed for the eventual reintegration of the student into school, which provides only for the core units which the student is enrolled. **K. Substitute Teachers**

In the normal operations of a public school, it is not unusual for a regular
teacher to be replaced by a substitute teacher. In many instances, the substitute is a community member that gives up his/her time to help out at our school. In most situations, a substitute teacher is at a huge disadvantage when entering a public school classroom. The substitute may not know any of the students by name. Additionally, the substitute may have never been in a position where it was necessary to control 15-25 young adults. It is the belief of the staff of Elgin High School that substitute teachers should be treated as a guest in our school. Disruptive behavior by a student will be dealt with very harshly when the substitute is in the classroom.

L. Vandalism Policy
The Elgin Board of Education adheres to State School law of Oklahoma, Section 658. Damages – Liability of Parents.

The state or any county, city, town, municipal corporation or school district, or any person, corporation or organization, shall be entitled to recover damages in a court of competent jurisdiction from the parents of any minor under the age of eighteen (18) years, living with the parents at the time of the act, who shall commit any criminal or delinquent act resulting in bodily injury to any person or damage to or larceny of any property, real, personal or mixed, belonging to the state or a county, city, town, municipal corporation, school district, person, corporation or organization. The amount of damages awarded shall not exceed Two Thousand Five Hundred Dollars ($2,500.00). (23-10)

M. (Student) Drug Testing Policy
Purpose and Intent: In an effort to protect the health and safety of its students from illegal and/or performance-enhancing drug use and abuse, the Board adopts the following policy for drug testing of students who participate in competitive extra-curricular activities (“Activity Students”), as well as any other student who voluntarily wishes to be tested. This policy supplements and compliments all other policies, rules and regulations of the District regarding possession or use of illegal and/or performance enhancing drugs.

Although the Board, administration, and staff desires that every student in the District refrain from using or possessing illegal drugs, District officials realize that their power to restrict the possession or use of illegal and/or performance-enhancing drugs is limited. Therefore, this policy governs performance-enhancing and/or illegal drug use by students participating in competitive extra-curricular activities and those who voluntarily participate in the drug testing program. The sanctions imposed for violations of this policy by an Activity Student will be limited to the opportunity of such student to exercise the privilege of participating in
competitive extra-curricular activities. No suspensions from school or academic sanctions will be imposed for violations of this policy.

In addition to Activity Students, any student who does not participate in any competitive extra-curricular activities may voluntarily consent to being tested on a random and a reasonable suspicion basis, with permission of a parent, legal custodian or legal guardian. This would allow parents and guardians to be notified as to a potential drug problem and enable them to seek help.

Participation in school-sponsored competitive extra-curricular activities at the District is a privilege. Students who participate in these activities should be respected by the student body, as well as the District and the community they represent. Accordingly, students in competitive extra-curricular activities carry a responsibility to themselves, their fellow students, their parents and their school to set the highest possible examples of conduct, sportsmanship and training, which includes avoiding the use or possession of illegal drugs. Illegal and performance-enhancing drug use of any kind is incompatible with the physical, mental and emotional demands placed upon participants in extra-curricular activities and upon the positive image these students project to other students and to the community on behalf of the District. For the safety, health and well being of students in extra-curricular activities, the District has adopted this policy for use by all participants in competitive extra-curricular activities in grades 7-12.

The purposes of this policy are five-fold:

1. To educate students of the serious physical, mental and emotional harm caused by illegal and/or performance-enhancing drug use.
2. To alert students with possible substance abuse problems to the potential harms that drug use poses for their physical, mental and emotional well-being and offer them the privilege of competition as an incentive to stop using such substances.
3. To ensure that students adhere to a training program that bars the intake of illegal and/or performance-enhancing drugs.
4. To prevent injury, illness and harm for students that may arise from illegal and/or performance-enhancing drug use.
5. To offer students practices, competition and school activities free of the effects of illegal and/or performance-enhancing drug use. The administration may adopt regulations to implement this policy.

Definitions:
“Activity Student” means a member of any middle school or high school District sponsored extra-curricular organization which participates in
interscholastic competition. This includes any student who represents the District in extra-curricular activities in interscholastic competition, including but not limited to FFA, FCCLA, Academic Bowl Team, Band, Vocal, Cheerleading, Athletics, Dance Team, Math Counts and Batters Up.

“Drug Use Test” means a scientifically substantiated method to test for the presence of illegal or performance-enhancing drugs or the metabolites thereof in a person’s urine.

“Random Selection Basis” means a mechanism for selecting Participating Students for drug testing that:

A. results in an equal probability that any Participating Student from a group of Participating Students subject to the selection mechanism will be selected, and

B. does not give the District discretion to waive the selection of any Participating Student selected under the mechanism.

“Illegal Drugs” means any substance which an individual may not sell, possess, use, distribute or purchase under either federal or Oklahoma law. “Illegal Drugs” includes, but is not limited to, all scheduled drugs as defined by the Oklahoma Uniform Controlled Dangerous Substance Act, all prescription drugs obtained without authorization, and all prescribed and over-the-counter drugs being used for an abusive purpose. “Illegal Drugs” shall also include alcohol.

“Participating Student” means all Activity Students and any student voluntarily participating in the District’s drug testing program which is the subject of this Drug Testing Policy.

“Performance-Enhancing Drugs” include anabolic steroids and any other natural or synthetic substance used to increase muscle mass, strength, endurance, speed or other athletic ability. The term “Performance-Enhancing Drugs” does not include dietary or nutritional supplements such as vitamins, minerals, and proteins which can be lawfully purchased in the over-the-counter transactions.

“Positive” when referring to a drug use test administered under this policy means a toxicological test result which is considered to demonstrate the presence of an illegal or a performance-enhancing drug or the metabolites thereof using the standards customarily established by the testing laboratory administering the drug use test. “Reasonable Suspicion” means a suspicion of illegal or performance-enhancing drug use based on specific observations made by coaches/administrators/sponsors/teachers of subtle changes in the appearance, speech, or behavior of a student; the reasonable inferences that are drawn from those observations; and/
or information of illegal or performance-enhancing drug use by a student supplied to school officials by credible sources. In order for a student to be referred for testing on a “Reasonable Suspicion” basis, the student’s activity sponsor or teacher and at least one (1) building administrator must agree to the reasonable suspicion. The name and identity of any student referred on “Reasonable Suspicion” will be kept confidential. “Reasonable Suspicion” would not include overtly recognizable signs of present illegal drug use, such as a perceptible odor of drugs, erratic behavior reasonably attributable to illegal drug or alcohol use, or perceptible odor of alcohol. Instances such as these would subject the student to ordinary disciplinary action apart from this policy.

**PROCEDURES:**

1. **Consent Form: Activity Students:** Each Activity Student shall be provided with a copy of the form “Student Drug Testing Consent: Activity Student” which shall be read, signed and dated by the student, parent or guardian, and coach/sponsor before such student shall be eligible to practice or participate in any competitive extracurricular activities. The consent requires Activity Students to provide a urine sample and submit to drug testing: [a] as part of the Activity Student’s annual physical or for eligibility for participation; [b] when the Activity Student is selected by the random selection basis to provide a urine sample; [c] at any time when there is reasonable suspicion to test for illegal and/or performance-enhancing drugs. No Activity Student shall be allowed to practice or participate in any competitive extracurricular activities involving interscholastic competition unless the Activity Student has returned the properly signed Consent Form. An Activity Student who moves into a District after the school year begins will have to provide a Consent Form and undergo a drug test before he/she will be eligible for participation in any competitive extracurricular activity.

2. **Consent Form: Non-Activity Students:** Other students who wish to participate in the District’s drug testing program shall be provided a copy of the form “Student Drug Testing Consent: Non-Activity Student.” No coach/sponsor signature is required on this form. Non-activity students who volunteer to participate in the drug testing program consent to provide a urine sample when the student is selected by the random selection basis or at any time when there is reasonable suspicion to test for illegal or performance-enhancing drugs.

3. **Orientation:** Prior to the commencement of drug testing each year, an orientation session will be held to educate Participating Students of the sample collection process, privacy arrangements,
drug testing procedures and other areas which may help to reassure the student and help avoid embarrassment or uncomfortable feelings about the drug testing process. Each Participating Student shall receive a copy of the Student Drug Testing Policy. The administration will be responsible for explaining the policy to all Participating Students and for preparing an educational presentation to acquaint the students with the harmful consequences of drug and alcohol use and abuse.

4. **Testing**: Drug use testing for Participating Students will also be chosen on a random selection basis from a list of all Participating Students. The District will determine a number of Participating Students names to be drawn at random to provide a urine sample for drug use testing for illegal drugs or performance-enhancing drugs. In addition, any Participating Student for whom the administration has reasonable suspicion of illegal and/or performance-enhancing drug use by that particular student will be included with the random tests and will not be identified in any way as separate from the random group.

Any drug use test will be administered by or at the direction of a professional laboratory chosen by the District. The professional laboratory shall be required to use scientifically validated toxicological testing methods, have detailed written specifications to assure chain of custody of the specimens and proper laboratory control and scientific testing.

All aspects of the drug use testing program, including the taking of specimens, will be conducted so as to safeguard the personal and privacy rights of the students to the maximum degree possible. The test specimen shall be obtained in a manner designed to minimize intrusiveness of the procedure. In particular, the specimen must be collected in a restroom or other private facility behind a closed stall. The principal/athletic director shall designate a coach, sponsor or school employee of the same sex as the student to accompany the student to a restroom or other private facility behind a closed stall.

The monitor shall not observe the student while the specimen is being produced, but the monitor shall be present outside the stall to listen for the normal sounds of urination in order to guard against tampered specimens and to insure an accurate chain of custody. The monitor shall verify the normal warmth and appearance of the specimen. If at any time during the testing procedure the monitor has reason to believe or suspect that a student is tampering with the specimen, the monitor may stop the procedure and inform the principal/athletic director, who will then determine if a new sample should be obtained. The monitor shall give each student a form on
which the student may list any medications legally prescribed for the student he/she has taken in the preceding thirty (30) days. The parent or legal guardian shall be able to confirm the medication list submitted by their child during the twenty-four (24) hours following any drug test. The medication list shall be submitted to the lab in a sealed and confidential envelope and shall not be viewed by district employees.

An initial positive test result will be subject to confirmation by a second and different test of the same specimen. The second test will use the gas chromatography/mass spectrometry technique. A specimen shall not be reported positive unless the second test utilizing this procedure is positive for the presence of an illegal drug or the metabolites thereof. The unused portion of a specimen that tested positive shall be preserved by the laboratory for a period of six months or the end of the school year, whichever is shorter. Student records will be retained until the end of the school year.

**Confidentiality:** The laboratory will notify the principal/athletic director or designee of any positive test. To keep the positive test results confidential, the principal/athletic director or designee will only notify the student, the head coach/sponsor (if applicable), and the parent or custodial guardian of the student of the results. The principal/athletic director or designee will schedule a conference with the student and parent or guardian and explain the student’s opportunity to submit additional information to the principal/athletic director or to the lab. The District will rely on the opinion of the laboratory which performed the test in determining whether the positive test result was produced by something other than consumption of an illegal and/or performance-enhancing drug.

Test results will be kept in files separate from the student’s other educational records, shall be disclosed only to those school personnel who have a need to know, and will not be turned over to any law enforcement authorities.

**Appeal:** An Activity Student who has been determined by the principal/athletic director to be in violation of this policy shall have the right to appeal the decision to the Superintendent or his/her designee(s). Such a request for a review must be submitted to the Superintendent in writing within five (5) calendar days of notice of the positive test. An Activity Student requesting a review will remain eligible to participate in any extracurricular activities until the review is completed. The Superintendent or his/her designee(s) shall then determine whether the original finding was justified. No further
review of the Superintendent's decision will be provided and his/her decision shall be conclusive in all respects. Any necessary interpretation or application of this policy shall be in the sole and exclusive judgment and discretion of the Superintendent which shall be final and nonappealable.

**Consequences:** Any Activity Student who tests positive in a drug test under this policy shall be subject to the following consequences. These consequences and requirements shall begin immediately and be consecutive in nature, unless a review appeal is filed following receipt of a positive test. However, a student who on his/her own volition informs (self-refers) the athletic director, principal or coach/sponsor of illegal and/or performance-enhancing drug usage before being notified to submit to a drug use test will be allowed to remain active in all activities covered under this policy. Such student will, however, be considered to have committed his/her first offense under the policy and will be required to re-test as would a student who has tested positive. A student will be allowed to self-refer only once during the time he/she spends in the District.

**First Offense:** The parent/guardian will be contacted and a private conference will be scheduled to present the test results to the parent/guardian. A meeting will then be set up with the student, parent/guardian, athletic director and principal concerning the positive drug test. In order to continue participation in the activity, the student and parent/guardian must, within five (5) days of the joint meeting, show proof that the student has received drug counseling from a qualified drug treatment program or counseling entity. Additionally, the student must voluntarily submit to a second drug test to be administered within fifteen (15) days in accordance with the testing provisions of this policy. After the initial fifteen (15) days, a re-test must be clean or determined at a substantially lower level. After the first offense, the student will automatically be included with the next two (2) groups of random testing. If the parent/guardian and the student agree to these provisions, the student will continue to participate in the activity. Should the parent/student not agree to these provisions, the consequences listed in this policy for the second offense will be imposed.

**Second Offense (same school year):** An Activity Student who commits a second offense under this policy will be suspended from participation in all activities covered under this policy for fourteen (14) calendar days and will be required to successfully complete four (4) hours of substance abuse education/counseling provided by the school. Parents should also consider seeking additional assistance,
including the possibility of drug treatment centers. The student may not participate in any meetings, practices, scrimmages or competitions during this period. The student will be randomly tested monthly for the remainder of the school year. The time and date will be unknown to the student and determined by the principal/athletic director or designee.

**Third Offense (same school year):** An Activity Student who commits a third offense under this policy will be suspended from participation in all extracurricular activities including all meetings, practices, performances and competition for the remainder of the school year or eighty-eight (88) school days (one semester) whichever is the longer. Parents should strongly consider additional assistance from outside sources, including, but not to be limited to, the possibility of drug treatment centers. School officials will cooperate to help expedite this procedure, if it is determined necessary by the student and parents.

**Refusal to Submit to Drug Use Test:** A Participating Student who refuses to submit to a drug test authorized under this policy shall not be eligible to participate in any activities covered under this policy, including all meetings, practices, performances and competitions for the remainder of the school year. Additionally, such student shall not be considered for any interscholastic activity honors or awards given by the District. ADOPTED: December 13, 2007.
